ABSTRACT

This book of instructional activities for grades four through six contains Delaware's State Content Standards for English Language Arts. The standards were developed in 1985 by a committee of teachers representing all grade levels. Used as a basis for curriculum planning in school districts throughout Delaware, the standards were designed to guide instruction by setting forth program objectives for teaching and expectations for student learning. While the guide was compiled to suggest ways for teachers to focus their instruction in the classroom, it may bring to mind other ways of presenting instruction based upon the objectives and expectancies which are included in the publication. The guide is divided into sections (or "strands") containing instructional activities on the subjects of: (1) listening; (2) speaking; (3) writing; (4) literature; and (5) study skills. Each section presents general objectives, specific objectives, and suggested procedures. (SG)

Acknowledgments

The instructional activities in this series of publications were assembled by two teachers of English in the Laurel District -- Mary Ellen Taylor and Ruth Ann Phillips. Some were created to match specific standards while others were adapted from various curricular guides or teacher's Manuals.

The Department was pleased that many classroom teachers took time from their busy schedules to contribute ideas which were incorporated in the suggested activities.

Funding for the publications was made available through a grant from the Professional Development Division. The work was completed under the direction of Dr. Gary L. Houpt, State Supervisor of English/Language Arts.

Introduction

The State Content Standards for English Language Arts were developed by a committee of teachers representing all grade levels and were introduced in 1985. Since that time they have been used as a basis for curricular planning in school districts throughout Delaware. The Standards were designed to guide instruction by setting forth program objectives for teaching and expectations for student learning.

These instructional activities which are directly related to the Content Standards have been compiled in order to suggest ways for teachers to focus their instruction in the classroom. The ideas contained within the various activities will hopefully bring to mind other ways for presenting instruction based upon the objectives and expectancies which are also included in the publication.

Nobody see us,
Stops us, betrays us;
The small grains make room

Soft fists insist on
Heaving the needles,
The leafy bedding

Even the paving.
Our hammers, our rams,
Earless, eyeless

Perfectly voiceless,
Widen the crannies,
Shoulder through holes. We

Diet on water,
On crumbs of shadow
Bland-Mannered, asking

Little or nothing
So many of us!
So many of us!

We are shelves, we are
Tables, we are meek
We are edible,

Nudgers and showers
In spite of ourselves,
Our kind multiplies;

We shall by morning
Inherit the earth.
Our foot's in the door.

Sylvia Plath

- Remembering names can be tricky. When you are introduced to a person, carefully observe the individual and make a mental connection with the name and the person. (Example - Laura Thompson has beautiful blue eyes.)
- When making the introduction add a remark which will help people carry on a conversation or will help others to know him/her better.

Example:

"Mom, I'd like you to meet my friend, Kenny Ellis. He is in my class this year, and we are working on the science fair project together."

- Announcements must contain the necessary information (event, date, time, place, cost)

Students need each other's directions in order to have class do required work in proper order. No talking allowed except when giving directions as indicated.

- Use audio visual aids when possible.
- Tell stories that the audience can relate to if possible.

Teacher Notes

E. Tips for giving expression to oral reading:

- Read over the selection first silently to get a feeling of the overall mood.

Question mark - voice raises
Exclamation point - enthusiasm

Periods - voice drops
Commas - pauses
Bold face print or underlining - louder

- G. Guide the class in an oral reading of a poem.
- H. Assign poems for individuals to present to the class.
- I. Tape the readings and replay them for review.

General Objective

- 3.0 To participate purposefully in class discussions

Specific Objective

- 3.1 State appropriate explanations.

Suggested Teaching Procedures

- A. Allow time for class discussion after skill building and other learning activities.
- B. Prepare students for question periods by giving them the standard types of questions which are asked or give them the actual questions before the assignment is done.

- Look for change of speakers - change your voice to suit the character and his mood.
- Practice reading before giving a presentation.
Look up the pronunciation of any difficult words.

Teacher Notes

- B. Standard questions begin with who, what, when, where, why and how.

- C. Build from simple recall or literal interpretation to more critical and inferential kinds of questions.

- C. Sample questions which build in difficulty:

from "I Wandered Lonely as a Cloud"
by William Wordsworth

I wandered lonely as a cloud
That floats on high o'er vales and hills,
When all at once I saw a crowd,

A host, of golden daffodiles;
Beside the lake, beneath the trees,
Fluttering and dancing in the breeze.

Continuous as the stars that shine
And twinkle in the milky way,
They stretched in never-ending line
Along the margin of a bay:
Ten thousand saw I at a glance,
Tossing their heads in sprightly dance.

Questions:

- What does the poem describe?
- Is the mood of the poem happy or sad?
Which words set the mood?
- What does the speaker compare himself to?
What does he compare the daffodiles to?
- How does the speaker feel in line one?
- Does his feelings seem to change?
- What is the poet telling us about life or ourselves?

Specific Objective

3.2 Interact and assume roles with peers in small groups.

Suggested Teaching Procedures

- A. Plan a class party or celebration which centers around a theme.
- B. Write assignment on index cards.

- C. Have each student draw a card; this will determine his/her group.
- D. Have students elect a leader and a secretary.
- E. Have each group discuss its assignment.
- F. Have the group leaders report to the class their decisions using the secretary's notes.
- G. Have other students offer to help other groups if necessary.
- H. Have the celebration or party.

Ideas for groups:

- decorations
- refreshments
- entertainment

 - poems

- D. Discuss with students the responsibility of the group leaders. Discuss the responsibility of group members.

Evaluate the group planning efforts with students.

- What prohibits effective planning?
- Were group members willing to compromise?
- Did all group members perform assigned duties? If not, what effects did that have on the celebration?

C. WRITING (4-6)

Instructional Activities for Effective Teaching

General Objective

- 1.0 To communicate ideas through a variety of sentence and paragraph structures.

Specific Objective

- 1.1 Identify and compose interrogative, imperative and exclamatory sentences.

Suggested Teaching Procedures

- A. Define interrogative, imperative and exclamatory sentences and provide samples of each (on the blackboard, overhead projector or hand-outs).

- B. Ask the students what punctuation differences they see.
- C. Ask students to give additional models.

Teacher Notes

- A. An interrogative sentence asks a question. It ends with a question mark.

Example: Do you like to fish?

An imperative sentence gives a command. It ends with a period.

Example: Don't spill that on the floor.

An exclamatory sentence shows strong feeling (emotion) and ends with an exclamation mark.

Example: What a great day it is for fishing!

NOTE:

Emphasize that imperative sentences do not contain subjects.

- B. Using a familiar story, eliminate the punctuation and have students supply the necessary punctuation.

- D. Provide students with an exercise identifying the three types of sentences.
- E. Have students write three examples of each type of sentence.
- F. Have students read aloud various examples demonstrating the difference in how they sound.

Specific Objective

- 1.2 Identify and compose simple and compound sentences.

- E. Sample sentence
 Bob fell down. He broke his leg.

There Isn't Time
by Eleanor Farjeon

There isn't time, there isn't time
To do the things I want to do
With all the mountain tops to climb
And all the woods to wander through
And all the seas to sail upon
And everywhere there is to go
And all the people, everyone
Who lives upon the earth, to know
There's only time, there's only time
To know a few, and do a few
And then sit down and make a rhyme
About the rest I want to do

Steam Shovel
by Charles Malam

The dinosaurs are not all dead
I saw one raise its iron head
To watch me walking down the road
Beyond our house today
Its jaws were dripping with a load
Of earth and grass that it had cropped
It must have heard me where I stopped
Snorted white steam my way
And stretched its long neck out to see
And chewed, and grinned quite amiably.
